

# *Healthy Soils = Healthy Crops*

Concord Division of Natural Resources invites you to a

A pair of hands is shown from the front, cupping a mound of dark brown soil. A small, vibrant green seedling with three leaves is growing out of the center of the soil. The background is a soft, out-of-focus greyish-green.

## *Healthy Soil Workshop for Gardeners*

Join presenter Katie Campbell-Nelson of the  
UMass Extension Vegetable program  
to learn about the basics of

- soil composition
- microbial life
- soil testing
- organic amendments and fertilizers

*Thursday, May 3, 2018*

7 - 9 pm

Willard School Auditorium

185 Powder Mill Road, Concord, MA
