

**PROJECT STATUS REPORT
for the Community Preservation Committee**

Project Name: *Concord Oral History Preservation and Access Project* Project Number: (5-21)

Date: **April 12, 2024** Interim Status Report Final Status Report

1. What percentage of the project has been completed?

100% of the audio file digitization and transcription have been completed.

2. Describe work completed to date:

Six hundred twenty-two (622) audio files (358 audio cassette tapes) have been digitized (see attached Tape Run Time Report), and the vendor (Mass Productions) delivered the 96KHz/24 wave files and Mp3 access copies.

The vendor (Flatword Solutions) completed and delivered transcriptions of 622 audio files (253 audio hours).

3. What key project milestones have been reached?

Please see the previous entry.

4. Expenditure Report:

a. What is the date your project began or will begin spending CPC funds? _____

The start of the project was delayed and did not commence until late August 2022, which was one month later than projected. The vendor (Mass Productions) submitted the first invoice on January 23, 2023. The contract with the vendor (Flatworld Solutions) to complete the transcriptions commenced on February 21, 2023, with the first invoice submitted on March 31, 2023.

b. Attach a detailed Expenditure Report.

Total Expended: \$25,416.98

- CPA Funds: \$22,639.98**
- Concord Free Public Library - Operating Budget: \$2,777.00**

Mass Productions Invoice: 1/23/2023 \$4,740.00

Mass Productions Invoice: 3/20/2023 \$3,570.00

Mass Productions Invoice: 5/11/2023 \$2,430.00

Flatworld Solutions Invoice: 3/31/2023 \$1,508.98

Flatworld Solutions Invoice: 5/08/2023 \$3,398.50

Flatworld Solutions Invoice: 8/24/2023 \$6,992.50

Flatworld Solutions Invoice: 1/08/2024 \$2,777.00*

**PROJECT STATUS REPORT
for the Community Preservation Committee**

c. In a brief narrative, account for the amount of CPC funds expended to date:

The CPA funds expended account for payments to vendors Mass Productions and Flatworld Solutions.

*Estimating the audio hours on each cassette tape was difficult. Approximately 50 audio hours of transcription exceeded what I proposed in my application. To complete this initiative, \$2,277.00 was paid out of the Library's operating budget, specifically funds appropriated annually for the oral history project.

5. Describe remaining work and projected timeline:

We anticipated that this Oral History Preservation & Access Project will span approximately three years. Phase I commenced in the spring of 2020, resulting in a completed inventory and assessment of the oral history project records and holdings.

Phase II of the Oral History Preservation & Access Project concluded with the digitizing and transcribing these tapes to preserve these valuable resources for the future.

Phase III, initially anticipated to start in late 2023, will entail an overhaul of the online platform that provides access to oral histories and will commence sometime in 2024.

6. Describe your outreach efforts.

I plan to write an article for the Library newsletter and the *Concord Bridge* in the coming months. These articles will detail how the Town of Concord Community Preservation Fund has supported this project and the value of these oral history recordings to a broad audience, including students, family historians, and academic researchers looking to learn about Concord's past from these first-hand accounts.

7. What is the expected project completion date?

The digitization portion of the project was completed in May 2023.
The transcription portion of the project was completed in January 2024.
