

Lead Service Line Replacement Program

To help accelerate and incentivize lead water service line replacement activities, Concord Water is offering a more affordable alternative by employing in-house labor and materials, along with a very favorable and convenient payment plan. Water service line replacement performed by a contractor can be anywhere between \$5,000-10,000. If you would like to have your property evaluated to see if it is a good fit for Concord Water's Program, we encourage you to submit the form below.

Evaluation Request Lead Service Line Replacement Program

Please complete the below information to request an evaluation of your lead (LSL) or galvanized requiring replacement (GRR) water service line configuration to see if your water service line is eligible for the Town of Concord Lead Service Line Replacement Program.

Service Address

Street Address: _____
Town: _____

Property Owner

Name: _____
Email: _____
Phone Number: _____

Mailing Address

Street: _____
City: _____
State: _____
Zip: _____

What Is the Cost?

The estimated cost for the replacement of a lead water service line using this program is \$1,500. The actual estimate for each individual service will depend upon the length of the service line and the complexity of site conditions. Concord Water will review each application based on existing site conditions and inform the applicant if they qualify for this special reduced rate. Before any work is performed, you will be provided with a site-specific estimated quote.

Please select any of the below that apply to your service address:

- | | |
|---|--|
| <input type="checkbox"/> Home with children under the age of six | <input type="checkbox"/> Licensed childcare centers |
| <input type="checkbox"/> Home with people who are pregnant or may become pregnant | <input type="checkbox"/> Nursing homes or senior centers |
| <input type="checkbox"/> Home with people over the age of 65 | <input type="checkbox"/> Upcoming road moratorium <i>Concord Water will confirm if left blank</i> |

Please note that Concord Water will work to replace LSL/GRR services in the order in which a replacement request is received while prioritizing sensitive populations (homes with young children or seniors).

Submittal Instructions: You can either fill out the paper form send/deliver it to Concord Water, LSLRP, 135 Keyes Rd., Concord, MA 01742, email a copy to lead@concordma.gov or fill out the online form at www.concordma.gov/lead.

Service Line Configuration Assessment
