

November 12, 2025

Dear Community Preservation Committee Members,

Concord-Carlisle Youth Soccer is an incredibly popular recreation program with well over a thousand players from pre-K to high school and hundreds of adult volunteers participating every season. Due to the large size of the program, we use a number of fields across Concord and Carlisle, including Memorial Field.

As a longtime volunteer and Vice President of the Board, I am writing in support of the Amenities Building project. It will provide improved conditions for our many players who enjoy Memorial field and their families. A core mission of our program is to foster community, and thus it is vitally important that anyone can come watch our games in comfort, especially those who need more accessible facilities.

Thank you for your valuable time and consideration.

Sincerely,

Tom Heys

Board VP | Age Group Director | Coach | Soccer Dad
