

Dear Community Preservation Committee Members,

Concord Carlisle Youth Lacrosse is a volunteer-run organization for girls and boys interested in playing lacrosse in a fun environment with a focus on sportsmanship and safety. We have kids from kindergarten to 8<sup>th</sup> grade playing and many parents are involved as volunteers. We have recreational programs in the fall and the spring and Memorial Field is one of the facilities where we hold practices and games.

As the President of the CCYL boys program, I am writing to support the Amenities Building because I know it would benefit the many people involved with youth lacrosse in our towns. I think it would be a good community investment to have cleaner and more comfortable facilities that would be inclusive for anyone, including our many fans who come to watch our games.

Thank you,

Matthew Paster
