Dear Mr. Booth,

As a resident of Elm Brook Lane, I am enthusiastic about having a trail that connects Thoreau Farm with the Battle Road. I hope support from the Community Preservation Act comes through.

I appreciate the efforts by Thoreau Farm to site the trail so there is minimal visual and noise disturbance. That will ensure reduced impact on our homes here. I am not worried about parking on our street as there is plenty of parking at Thoreau Farm.

I look forward to using the trail often for walking in nature and getting to the Battle Road and in to town.

Brooks Stevens
